c/o Leroy Williams

Dear Friends:

It seems so little to write and say "Thanks" for the beautiful flowers you sent The Eagles opening day, but that is about all I can do.

I honestly feel the horseshoe really brought good luck, in addition to it being so pretty and adding so much color. Things like this help us to endure the many headaches connected with running the ballclub. It is the loyal fan, as represented by the members of your club, who is responsible for the Eagles being in existence.

I do hope the team will continue to look as good as they did Sunday. They will if the horseshoe charm will hold out.

Again please accept the sincere thanks of all The Eagles to all The Lincoln Pleasure Club Members.

Very Truly Yours
